

Wednesday, 23 August 2023, 9:00 to 9:50am CEST

Establishing an ATT National Control System

R.S.V.P. by **5:00pm,**
Monday 21 August 2023

*Please send reservations to
Ms. Helena Belzer, helena.belzer@controlarms.org*

One of the central requirements of the ATT is that each State Party establishes a national control system to implement the Treaty, including the regulation of the international transfer of conventional arms, related ammunition/munitions, and their parts and components. This clinic will provide an opportunity to learn from ATT States Parties that have established national control systems, to better understand what the key elements of such a system are as well as the associated challenges and benefits.

PANELLISTS

Atty. Teklo Maxwell Grigsby
Former Head of the Liberian National
Commission on Small Arms

Aureliana Neacsu
Conventional Arms Unit, Department for
Export Controls, Ministry of Foreign
Affairs of Romania

MODERATOR

Roy Isbister
Saferworld

To be held at:

Control Arms
The Humanitarian Hub
5th Floor
La Voie-Creuse 16, Geneva

*Coffee and croissants will
be served at 9:00am.*
