

Mitigating gender-based violence through the effective implementation of the Arms Trade Treaty

Strengthening National Preventative Measures

Argentina, the Small Arms Survey and UNIDIR invite you to an event on the sidelines of the ATT CSP 9 which will bring together experts to explore how:

- GBV / VAWC risk mitigation criteria can contribute to effective implementation of the ATT;
- National policies and instruments contribute to preventing arms related GBV / VAWC;
- ATT implementation can be synergized with other international and regional instruments and frameworks to better prevent GBV;
- States Parties can leverage the ATT as a forum to exchange and collaborate on this topic.
